

Journey to Discovery

Saturday, October 1st, 9:00 a.m. - 3:00 p.m.

A classroom experience for
parents - Early Childhood
through Middle School

Space is Limited!

The morning begins with a focused tour of the Montessori classrooms, from early childhood to middle school, followed by a discussion with guides about observations and questions related to the prepared environments at each level. After lunch, the Journey continues as parents experience lessons and hands-on work with the learning materials in each classroom. Journey to Discovery is our most comprehensive parent-focused event. Our goal is to help you understand Montessori education the best way possible - by immersing yourself in the classroom environments for a day. We encourage every parent to attend at least once during your time at Undercroft.

Parent Testimonials

"I learned so much about what my child is learning and it boosted my confidence that Undercroft is definitely the right school choice for my daughter!"

"It was a great experience that certainly helped me build a better understanding of my child's daily experience and perspective tied in with the intentional lessons built into the class."

"My expectations were not only met, they were exceeded. This was the best investment of time that I've made to date in my child's education."
