

8th Grade Graduates

We want to send a heartfelt CONGRATULATIONS to our 2022-2023 middle school 8th grade graduates. Each student has grown in their own unique and incredible ways during their years at Undercroft. While saying goodbye — especially to students we have known for so long — is never easy, we are beyond proud of the people each of them has become. Please join us in wishing all graduates the best on the next step in their journey.

Each graduate gained acceptance to their first-choice high schools. Here is where they will go this fall:

- Kate Coman — Holland Hall
- Jackson Coon — Riverfield
- Adelyn David — Bishop Kelley
- Mara Goldfarb — Bishop Kelley
- Eli Hundley — Vanguard Academy
- Attila Rees — Booker T. Washington
- Jack Rogers — Bishop Kelley

"Clearly, we have a social duty towards this future man, this man who exists as a silhouette around the child, a duty towards this man of tomorrow. Perhaps a great future leader or a great genius is with us and his power will come from the power of the child he is today. This is the vision which we must have."

—Dr. Maria Montessori

Celebrating Family Through Community Lunch

Community lunch is one of the highlights of our elementary and middle school programs, and this year, some of our classes took a new approach to the experience. Throughout the 2022-2023 school year, Lower Elementary Southeast set a goal to deepen their sense of community and connection by integrating the Practical Life curriculum of cooking and food preparation with recipes provided by classroom families. They named this unit "Family Recipe Community Lunch."

With each shared recipe, the class gained a peek into families' favorite meals and their treasured recipes, ingredients, and stories. The classroom was honored by the graciousness and celebration that accompanied each recipe.

Students learned about new foods, prepared all of the meals together, and shared throughout the year when they were having certain foods for the first time. Together they discussed "no thank you bites," and many times, one "no thank you bite" turned into a full serving, and then seconds, or thirds.

- Some of our students discovered new favorite meals.
- Some of our students shared century-old recipes, passed down through generations.
- Some recipes came from across the country, or even, across the world.
- Our students learned about each other, and about themselves.
- All of our students practiced grace and courtesy, and no one ate until everyone was served.
- This project was immensely meaningful to the classroom, to the guides, and to the community at large. It was not unusual to have unannounced visitors from around the school drop by to see what they were creating that day, to partake in leftovers, and to hear the stories from the students about their recipes.

Congratulations, Bridgers!

fUNDERaiser Exceeds Goals

On April 22, Undercroft held our 22nd annual fUNDERaiser event. We are so excited to share that the event raised nearly \$65,000 to support the school. All funds will be used to purchase technology, supplies, and materials to enrich and enhance our classrooms and the Playscape.

Thank you to the fUNDERaiser planning committee, the entire CBC, all room representatives, and everyone who contributed to, and/or attended, the event! We could not have done it without you.
